

Hello,
I am
Yohan Samitha

About

I am Yohan Samitha Gamage, a second sem undergraduate following BSc(Hons) in Computer Science via GDSE from Institute of Java Software Engineering. I create user-friendly web pages using HTML, CSS, and JavaScript. Maintain and improve website and also Optimize applications for maximum speed with the help of frameworks such as Angular and react. Design mobile-based features. Ensure high quality graphic standards and brand consistency Stay up-to-date on emerging technologies. Also I create stand alone and web base application using java language. I use JavaFx and swing for GUI (Graphical user interface) and use standard software architectures. Ex : layered architecture and MVC.
